Senior Class Activities

The freshmen are boosters for the new theatre, as Saturday night all attended the Vining in a body. They were a little disappointed at finding it crowded, but, nothing daunted, they waited for the second show.

Commencement exercises tomorrow night. One of the finest commencement addresses that has ever been given in Ashland will be on the program, as Prof. Vining will deliver it. There will be special music by the girls' and boys' quartets.

Fred and Harold Entertain.

The seniors were the guests of Fred Garrett and Harold Merrill on Monday evening of this week. The event was a mulligatawny feed up the canyon. At about 5 o'clock the class met at Butler's and then proceeded up the canyon to the place picked out by the entertainers. There they found a great kettle of mulligatawny soup steaming hot, awaiting their eager appetites. Ah! how good it smelled. But, lo! upon sampling it suddenly turned the opinions of the partakers. While Sleepy and Ding are conceded to be good cooks, nevertheless on this particular occasion their skill deserted them. A peculiar blackness pervaded the soup, and there were regions of salt and regions where there was non. However, by holding one's nose it could be eaten and digested very nicely. Indeed, Margaret Siemantel distinguished herself in the amount she consumed.

At an early hour all returned to town except — and —, who thought that they would proceed still farther up the lonely paths of the unexplored city canyon.

R. L. Burdick, Robert Wagner, Kenneth McWilliams and Billie Briggs gave an entertainment for the seniors Wednesday night. The event was to be a miniature carnival, but on account of the rain it was impossible to get everything taken down and up again before the evening. However, some of the special features of the evening were a toboggan slide, hammocks, old-fashioned teeter-tauter and a real old swing. As each member arrived they were given their initiatory ride down the slide, which most of them did with much yelling. "Ding" Garrett, as soon as he saw the shoot-the-chutes, immediately stepped on it and went thundering down, to the evident satisfaction of the onlookers. He reached the bottom so hard that he bounced high enough to take off his hat on a nearby cherry tree. After that narrow escape he was one of the most enthusiastic sliders of the party. The girls especially enjoyed the exhilarating motion experienced in going down, and all tried it many times. "Sig" Patterson, however, would persist in sitting in the lawn swing and Scott and Mabel would insist in working the teeter-tauter, because it was a little secluded. At about 10:15 '14 began to get hungry, whereupon promptly they were all taken to "Bud" Burdick's domicile, where they were given strawberry shortcake with heaps and heaps of whipped cream upon it. After a good time there the class of 1914 wended their way homeward.

Hayrack Ride.

Dana Frame was the entertainer royal Tuesday evening. A big hayrack was provided, which was filled deep with hay. A swell four-horse team was the motive power for the

Two Girls Arrive In Honolulu

Francis Hamlin and Kathryn Miller arrived in Honolulu, after a very pleasant ocean trip. They have started teaching and by their correspondence it is evident they like their schools and the town fine. Francis is teaching the fifth, sixth and seventh in reading and the fifth and sixth in spelling, together with the juniors and seniors in the high school in other subjects. Kathryn has charge of the fifth, sixth, seventh and eighth, and freshman grades in history, both American and Hawaiian, geometry and algebra. She teaches eight periods a day. The girls are getting used to their work by this time and it is not so hard. Shortly after their arrival they had a sixty-mile auto ride with Jan Mowat and Verne Blue, seeing a good deal of the country. The girls had a great time going over on the boat, as they were proficient in all sorts of stunts. Francis won in the cracker-eating contest on the boat and also in the races. Francis and Kathryn were the popular girls of the boat and were captains on all occasions of competitive sports.

Road to Skirt Mountain Side

Ashland visitors will some day be able to mount by auto or rig to the crest of the beautiful hill, known by the disgraceful name of Roper's Bunton, and skirt the heights thence along the ridge to the lower intake and cross the canyon and meander back along the hillside at about the height of the old Anderson mining ditch over a scenic drive that the world can't beat.

At the council meeting Tuesday night City Surveyor Walker reported that he had everything ready for City Attorney Moore to make out deeds for right of way to that portion of the road to be known as Glen View Drive—for which the property owners adjoining have petitioned. It extends along the crest on the east side of the canyon—following the city's highline water pipes and running over city land most of the distance.

The matter of extending the road on across the canyon and along the old Anderson ditch to the Billings place north of Ashland was brought up by Councilman Ashcraft, who states that it can be done at little expense as the city already owns most of the right of way. On his motion the city engineer and street committee are instructed to map out a road on the west side of the canyon accordingly.

The road will connect with the Pope, Bailey, Pellett road and it is conceded that the drive as a whole would be one of the most beautiful in the west. City Engineer Walker states also that his office now has everything in readiness for the city attorney to make the trade with Mr. Gibson which is necessary for the proper opening up of Alder street between the park and Granite street.

City May Buy Small Park Tract

Through the agency of A. M. Beaver the city will probably buy one and a half acres of land lying along the upper pipe line at a point which would be bisected by Ashland street were it opened through to the pipe line. The land belongs to a young man by the name of Speed who is in school and needs money and offers to take \$150 for the acre and a half. This is extremely cheap as the land lies inside the city limits and would be of value in the establishing of the proposed Glenview Drive.

German Coffee Cake

Made Without Yeast

By Mrs. Janet McKenzie-Hill, Editor of the Boston Cooking School Magazine.

There is no warm bread quite as appropriate for Sunday morning breakfast as German Coffee Cake, yet it is seldom made by housewives who do not bake their own bread. If K C double raise Baking Powder is used it will be just as good as if raised with yeast and it will have the further advantage of being fresh and warm. Save this recipe and try it next Sunday.

K C German Coffee Cake

Two and one-fourth cups sifted flour; 1 level teaspoonful K C Baking Powder; 1 level teaspoonful salt; 2 tablespoonsful melted butter; 2 tablespoonsful sugar; 1 egg; milk.

Sift dry ingredients together, beat the egg, add milk and butter to the egg to make one and one-quarter cups; stir all together with inverted spoon to a stiff batter. Turn into biscuit pan and spread even. Brush top lightly with melted butter. Sprinkle sugar and ground cinnamon over the top. Bake in moderate oven.

Dutch Apple Cake or Prune Kuchen can be made with this same batter by covering the top with pared and sliced apples, or cooked prunes with the pits removed, skin sides down. Dredge with sugar and cinnamon the same as for Coffee Cake.

"The Cook's Book" contains 90 just such delicious recipes. You can secure a copy free by sending the colored certificate packed in 25-cent cans of K C Baking Powder to the Jacques Mig. Co., Chicago, being sure to write your name and address plainly.
